In your words:

We asked people planning to attend our community meeting on Nov. 4, 2025 what they are proud of in/about their community. Here's what you said:

- I'm very impressed by the community's passion for growth.
- The fact that we are taking steps to improve the community.
- How diverse it is. The dedication (some) people have to making it a better place. How many different opportunities there are.
- Caring for the needs of those in our community.
- Working at the radio station in Logansport.
- I am proud of the downtown, businesses have really gone above and beyond to make our downtown a great place to live and visit. I am proud that regardless of the situation, residents band together to take care of issues or rally around those in need. Born and raised in Logansport, my dad grew up in Logansport, his parents grew up in Logansport. I have deep roots here and love our town.
- Our Park, Community Center & Water Department
- I am especially proud of the positive changes Logansport has been making to their downtown area to make it a fun and interesting place to live.
- How peaceful our town is.
- Our school, Rea Park, Pioneer Days, Oktoberfest, our little small town parades for Homecoming, Halloween and Pioneer Day
- Our diversity!
- I am most proud of our diversity and our culture
- All of our small businesses. How the community can come together and make things happen. All of our trails.
- I am proud to say that I am from Cass County - Logansport when asked. I am proud to say that there are groups of people that are trying and doing things to better our community.
- There are amazing trails, fun parks, and fantastic events in our community. The rivers are a great thing too. We kayak quite a bit and utilize the Adamsboro Public Access Site. We also utilize the Recycling Services in Twelve Mile.
- The community is always looking for opportunities to strengthen the community members and businesses.
- This is Home and is a wonderful place to live and raise a family.
- I'm proud of how people support quality of life.
- I'm proud of how much our community has grown and continues to improve. People genuinely care about making this a better place for everyone.
- Many great community organizations.
- Many groups cooperating with each other.
- New playground equipment.
- I am very proud of this community that I was born and raised in. Watching the revitalization of downtown has been exciting to see. I hope that it continues.
- Random acts of kindness, strong Faith-based values, there's a little something for everyone.
